

# **Are You Concerned About the Condition of Highways, Roads and Local Streets?**

**Please join us at a public forum on transportation to discuss the state and regional roles in funding road repair and maintenance.**

**WHEN:** **Thursday, January 14, 2016 - 4 p.m. to 6 p.m.**  
Exhibits, media interviews and networking: 4 p.m. to 4:30 p.m.  
Presentations and discussion: 4:30 p.m. to 6 p.m.

**WHERE:** **Riverside County Administration Center**  
4080 Lemon Street, Supervisor's Chambers, Riverside, CA 92501

**SPONSORED BY:** **California Transportation Commission, Southern California Association of Governments, Riverside County Transportation Commission and the San Bernardino Associated Governments**

The California Transportation Commission, Southern California Association of Governments, Riverside County Transportation Commission and San Bernardino Associated Governments invite you to a public forum to learn more about the local, regional and state role in funding road projects and maintenance, the impacts and reasons for California's deteriorating transportation system, proposed short-term and long-term funding solutions, and the potential implementation of a road charge based on miles driven to stabilize road repair and maintenance funding.

Representatives from Inland Empire local business organizations, San Bernardino Associated Governments, Riverside County Transportation Commission, California Department of Transportation, Southern California Association of Governments and the California Transportation Commission will discuss and generate feedback on topics such as:

- How does the current condition of the Inland Empire's transportation system affect economic growth and regional competitiveness?
- What are the near-term and long-term transportation needs in the Inland Empire and in California?
- How can we stabilize and increase funding needed for repair and maintenance of highways, roads and local streets?
- How do we pay for ongoing operation and maintenance costs for our transportation network?
- What are some of the key transportation projects that are being planned in the Inland Empire?

**Your voice is needed to help identify and implement policies to ensure that all Californians benefit from a well-maintained and efficiently-functioning transportation system. Please plan to attend.**
